gramme Implementation, as part of DOT's Annual Action Plan.

The details are given in the enclosed Annexure-I (*See* below) Corrective action is being taken in case of slippages in the targets.

(c) The activities of the Mission are essentially the part of DOT's Action Plan as a part of Better Communication Services. Only a few very important activities to bring about improvement at a fast pace through focussed attention in certain areas, like quality of service, accessibility in urban and rural areas etc. were selected. The Telecom Mission activities are an integral part of the annual allocation of the funds for the Department. Utility of the mission is only improving quality of service and better accesibility to telecom facilities both in rural and urban areas and this is a continuous programme of the Department. Whenever occasion warrants, the functioning of the Mission and the tasks assigned to it would be reviewed both in terms of technological inputs and its overall performance.
